“ You have been in my life for 31 years. I have never had to live without you. The bond between a niece & aunt is truly something special. You have always been my go to person. You loved me and understood me better than most people. I know your happy now and living your best life. I could write a book but I won't because I would end up in tears. Watch over the kids. I will never stop missing or thinking about you. The glue go out family.

“ Aunt Angel,
The few years that I knew you were the best. You were the most selfless person I knew. You loved my little family, Michelle, Xane and myself so much. Thank you for always supporting us and spoiling baby boy. We promise to always make sure Xane knows who his great aunt Angel was. You were an amazing woman who loved everyone no matter if they wronged you. You put others before yourself. Now it's your turn to rest. We love you Aunt Angel!
