“ *Its been two and a half years now, you are still the first one I talk to in the morning and the last one I talk to at night. Life is not even close to normal without you in it. The picture of me without you is a cloudy cold day! I miss you so much!*

“ *Leisa was our niece who we loved so much. Even though we will miss you so much, we know that you are with God. You are one of his children. Your heart was big with love and you gave it to everyone with no strings attached. All our love and prayers to her family.*

“ My mama, my best friend, the most awesome person you could ever meet. She always had a smile on her face even if it was a goofy one because she didn't want to take a picture. She always told you what she thought and stood by it. Her love of family was strong and now she can easily watch over us all since we are in all different places. She is and always will be our guardian angel. I love you more than the entire space-time continuum. We will all be a family again when it is our time to join you.

“ You have been and still are the love of my life! The picture of you here is the absolute embodiment of who you were, the happiness and fiery spirit, and kindness to everyone you met. November the 1st would have been 40 years together! Well to everyone there is some one, you are and always will be that some one until the day we meet again, and can continue our journey together. I no its not necessary to tell you how much that I love you, for we have said it to each other every day for near 40 years, however the last 60 days I did not get to tell you, I love you so much!

“ *Very loving person. You may make Leisa mad, but she would turn around and give you the shirt off her back. The greatest, God fearing person you could ask for. You will always be in my thoughts. The Bestest sister anyone could ask for. Always there when you need her. I will miss you greatly but know in my heart you are with me always. The best Wife, Mother, Grandmother and Sister you could ever want in your life.*
