“ I was told by my Mom at 16 yes you can go out on a date with him not until Miisy! So therefore on my Birthday September 15, 1986, Mike pulled up to Wild Wood Apts. to pick me, I had liked him since I was 14. After that date we stayed together 3 long years seemed like a Lifetime, Then when I turned 18, we split, but he was my first LoVe that's for sure!!! So January 7th, is my Mamas Birthday, and that's so strange to me!! But throughout all the years there after our break up, we both had moved on ... Even though it was no secrete we always stayed in touch, we tried a few times but just wasn't there anymore but we did carry out our Friendship, Always!!! And deep inside there was always Love there but We both knew it'd never work, we were just to jealous of each other always had been since day one we started, I wish I would have known he was not doing well I've only been back from North Dakota like 3 months and for a whole month of December had Covid-19 and Acute Respiratory Failure! I thought I was a goner! When I moved back I did think about You jMichael Dewayne, and I did ask a few people about you!, But I apologize for not seeing you before you left this ole World! Your up there with Mama now so I wish oneday you could call me just to see if she's doing hair in Heaven and if you talked her into a permanent in the back of your hair like many times before! ! 😊 R.I.P. Mike you and I Both know wat our feelings always were! I did care and You
