

Robert Arthur Waters

August 4, 1954 - June 3, 2025

Robert Arthur Waters, lovingly known as Robbie, passed away peacefully on June 3, 2025, at his home in Ray City, Georgia, surrounded by his devoted family.

Born on August 4, 1954, to Jessie and Reece Waters, Robbie was a man whose presence filled every room with warmth, laughter, and love. He is survived by his beloved wife and best friend, Trina Waters; his children, Jessica (Anthony) Akel and Robert Clayton “Clay” Waters; and his siblings Margaret Knight, Jenny (Curt) Lacy, James (Charlotte) Waters, Nina Waters and sister-in-law, Nora Waters. Robbie was preceded in death by his brothers Reece Jr. Waters and Carol Waters, and his brother-in-law Claude “Bubba” Knight. He is also remembered fondly by many loving nieces and nephews.

Robbie was a passionate football fan who never missed a Florida State or Atlanta Falcons game. He loved spending time with his family, playing cornhole with friends, and relaxing on his back porch with good music and good company. He had an unmatched sense of humor and could always be counted on to tell a joke or share a funny story to lift your spirits.

Known for his boundless generosity, Robbie would give you the shirt off his back without hesitation. He made everyone feel like family and truly lived by the motto, “A stranger is just a friend you haven’t met yet.” His faith in God

was strong and unwavering; his advice for any challenge in life was simple but powerful: “Pray about it.”

Robbie was the heart of every gathering, the laughter in every room, and the calm in the storm for those who knew and loved him. His legacy is one of kindness, humor, faith, and unconditional love—and he will be deeply missed by all whose lives he touched.

“ *This comes with a heavy heart. Mr. Robbie was such a nice guy and treated me like one of his own. He always knew how to make you laugh no matter what kind of mood you were in. It has been a while since I had seen him but he is definitely a person I will never forget. The family will be in my thoughts and prayers at this hard time of their lives. I love and miss you all and am here if anything is needed. I will surely miss him!*

JL

“*Robbie was my baby brother and entertained everyone. He was also a little fighter growing up and could outrun all the siblings. He loved sports and he and my cousin created their own little track in the back of our home with pole vaulting and obstacles on the track. As he grew he loved the field of electrical power, studying early mornings and working in sales for electrical companies. He was such a great father, being part of his children’s lives. The last year was so challenging for him but never he never talked negatively about his condition. He wanted to live but would always say it was God’s hands. He had such a positive attitude always. He will be greatly missed but we know he is with God now and at peace.*”

“*Robbie was my baby Brother that I loved dearly. We made many trips to the Mayo clinic in Jacksonville and it turned out that he knew almost all the nurses and most of the patients. I would take him Lunch somedays at his office and he would tell his buddies at work that he got special treatment by his family because he had cancer . In the end it was truly his faith in God that got him through the day. Robbie always said that he was on God's plan. I love you Robbie and I will miss you dearly. God speed your sister Margaret*
