“ I love her to the moon and back. I will miss her so much. I may not have been able to call and come by like I wanted but it did not make me love her any less. She taught me many lessons in the last 30 years and I pray those lessons she taught me , I will be able to pass on. Always in my heart Grandma

“ *Mom, you were one of the most important people in my life . you taught me so much . the one thing that has been prevalent in my life was how strong your faith was. You planted that seed and I lean on my faith because of you . you made it look easy but I can tell you , it's one of the hardest things to do .. That doesn't stop me though .. We always , my family and I , come out the other side better than we were when we need to lean on our faith and trust God. He knows best and I know you are with him now . I love you mom . A piece of my heart is missing but we will meet again , in a better place .*
