“ Uncle Billy,as I knew him,was the first one of the Daniel family, that I met In Pennsylvania.He opened up his home to Kev,Vicente and I after Kev and I decided we need to leave California for a while. I had never met any of the East Coast family before,and it had been a long time since Kevin had seen them, but that didnt phase Uncle Billy,he welcomed us with open arms. Family was family,and that's what you did.Help each other.We stayed with Uncle Billy on Catherine street until we got our own house.Billy was always a family man.Always.Helping the kids with thier pet dogs,helping the boys work on cars, listening to music with the girls,cooking for us all and his house was the hang out spot, for sure! All of the older cousins gravitated to uncle Billy because he was just like an older version of us. He loved all of his older siblings and always made jokes that he was the youngest and best looking! It has been a while since I have seen Uncle Billy,(other than social media)and it has been a while since I have been around some of the Daniel family, As time goes on and life takes us new paths. But I will never forget all of the memories and years that we spent together.Kev and I were together 13 years and alot of that was spent in Pennsylvania. I will miss Uncle Billy mostly because he allowed Kevin and I a place away from all of the things we needed to get away from at that time in our lives,with no questions asked. And for that I will be forever thankful.Until we meet again, say hello to Tootchie for me,I miss her so muchRespectfully, AJ
